Increasing the Cadre of
Civil Service.

...

The total number of regular charges to be held by Asst. Commrs. is 55 as noted in the margin, inclusive of the 9 non-Civil Service posts in the Revenue Department which it is desirable to treat as a part of the Civil Service in view of the frequent need for interchange of officers and the inconvenience felt in keeping these posts as a distinct cadre. The number of officers according to the present sanctioned scale of these two cadres is 63. This leaves nominally a reserve of 8 officers.

2. Experience has shown that this reserve of 8 is totally inadequate to meet the demands on the Civil Service. Besides the 55 regular charges, there are a number of other appointments for which Civil Service officers are generally selected. The accompanying statement shows that at present 5 Asst. Commrs. are acting as Deputy Commrs., 11 are employed on other duty and 2 are on leave making a total of 18 officers not available for regular charges.

The inadequacy of the reserve leads to a large number of acting appointments in each grade of the service. There

at present 8 officers acting as Dy. Comrs (ie non civil service Rev officers) and 9 as Asst. Commrs, for prolonged periods.

It is desirable to amalgamate the nonCivil Service cadre of the Revenue Department with the Civil Service and increase the strength of the combined cadre to ~~70~~ 68. ~~Of the additional appointments, two may be provided under Dy. Comrs. and the rest under Asst. Commrs.~~

The cadre of Dy Comrs may also be increased from 9 to 11 so as to reduce the number of acting appts in this grade —

Dear Mr. Shanmuna.

Please see the note below re Civil Service (& non-civil cadres in the Rev.) being amalgamated and the question whether it would be permissible to grant designation -

Will the G.A.D. kindly furnish me with particulars as regards the officiating for long periods in vacancies which do not admit of confirmation - Are there any practical difficulties in the Amalgamating C.S & N.C.S.[illegible] A rough calculation of the cost involved in the increase of the Rs 9. A.C. of 5 & Rs 9 of 2 may also be made -

The increase is only the difference between the permanent pay and officiating allowance, and as the minimum salary is drawn by an acting officiating his substantive pay in both the cadres, there will not be much of an extra cost immediately - Only the pensionary rights will be more -

Yours sincerely.

the Non-Civil Service (Revenue) Cadre with the Civi Service Cadre:-

This amalgamation is against the principles on which Government Order No.757-807 C.B.210-23-1 date 22nd September 1924 is based. The amalgamation suggested will throw open all the places of Senior Assistant Commissioners and higher posts to the Non-Civil Service Officers of the Revenue Department though the Civil Service Order reserves only one place for them. This may be regarded as an invidious distinction by the Non-Civil Service Officers of other departments and they may also ask for inclusion in the Civil Service. Which officers should be included in the cadre of Assistant Commissioners is a matter of policy to be settled by Government and does not affect the total cost.

III. Extra cost.

As the increase proposed in the number of Assistant Commissioners by 5 and Deputy Commissi by 2 will only mean an increase of the reserve in those grades in lieu of an equal number of sub-protem or acting appointments, in the place of persons on other duty etc, there will be no extra cost in regard to salary. If, however, any such person actually retires while holding such places he may get a higher pension than he would otherwise receiv As it is, however, not possible to say that any particular individual will retire while holding one of these places as his last appointment, it is not

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

The position with regard to Asst. Comm^rs including Gr. P. Comm^rs is as follows:

As against the fixed scale of 54 (including 6 reserved) there are at present 62 permanent Asst. Comm^rs, thus exceeding the scale by 8. As a set-off against this excess in the scale, eight permanent vacancies in the Non Cavil Service have not been permanently filled up. The manner in which the 62 permanent Asst. Comm^rs have been distributed is as follows:

40 are actually holding charges meant for Asst Comm^rs
19 are on the staff
3 are on leave
62.

The No. of fixed charges that are reserved for Asst. C.s. Comm^rs is 46. Out of this, six are filled up by N.C.S. officers as follows:

4 are the Judicial Depts

In these six vacancies are as well against the 6 permanent vacancies against which the equal supernumerary post Comm^rs Cand^s, only Not-Posted and by arrangement with the Secretary and Other Departments (H.C.S.) made are made.

If the scale is raised by 5 as now proposed, the no. of acting and Not-posted appts will be reduced from 14 to 9 as shewn by the Comparative list given by the Comptroller relating only to the Secretariat Departments. There are then permanent vacancies in the Political Department in which Not-P.T. and acting arrangements only are made in account of the Officers in the Civil Service Cadre, viz the Draughtsmen Officers viz the Draughtsmen as S.P.T. from 30-11-1926 and the other two are acting from June 1927.

Extra Cost.

I do not think there will be any extra cost in regard to salary by the increase and the Cable, the latter being simply changed from S.P.T. to permanent. As regards pensionary charges, I think there is bound to be an increase in the long run, but not immediately.

There are three questions for consideration:- firstly, amalgamation of the Non Civil Service cadre of the Revenue Department with the Civil Service; secondly, increase in the strength of combined cadre to 68; and thirdly, addition to the cadre of Deputy Commissioners by 2 officers i.e., from 9 to 11.

As regards proposal No. (1):-

Though some inconvenience is now felt in the matter of posting officers to the Civil and Non Civil Service charges and of making the Non Civil Service appointments in the Revenue Department available for promotion to the subordinate officers of the department, I am inclined to agree with the Comptroller that the amalgamation of the Non Civil Service of one department alone with the Civil Service will lead to practical difficulties.

From the distribution statements of the Civil Service and Non Civil Service cadre placed

in the file (prepared as per Civil List as on 1st July 1927) it will be seen that owing to the existence of supernumerary officers in the Civil Service, permanent vacancies in not merely the Revenue Department -- Non Civil Service, but also in the similar cadre of the Excise and ~~Police~~ Police Departments have been filled up temporarily There is one officer belonging to the Non Civil Service cadre in the Revenue Department who is confirmed against a vacancy in the Excise Department. Besides, certain Civil Service charges are held by non Civil Service officers in the Revenue Survey and Judicial excluding Civil Judiciary, as well as in the Revenue Department. There are at present 8 surplus officers in the Civil Service Cadre. In the course of the next two or three months I believe four of these vacancies can be absorbed , vide margin. There will thus remain only four surplus officers for whom permanent vacancies in the Non Civil Service cadre will have to be ~~provided for~~ earmarked. If and when the supernumeraries in the Civil Service are all provided for, (vide infra) much of the inconvenience now felt in considering the representations of Non Civil Service officers for confirmation in the vacancies allotted to them will be avoided. Some Civil Service charges will,

1. On confirmation of Mr. S.P.Rajagopalachari as Excise.Commissioner.
2. -do- of Mr. S. Hirianniah as I.G. of Police.
3. -do- of Mr. S. Shamanna as Deputy Commissioner, II class in an existing vacancy.
4. On absorption of Mr. K. Srinivasan, under training in the Revenue Survey Department, on the retirement of Mr. Vyasa Rao.

no doubt, have to continue to be filled in by Non Civil Service officers for temporary periods, but that cannot be helped as under existing conditions ~~conditions~~ new appointments to the Civil Service are made after the results of the competitive examination are announced.

As regards proposal No.2:-

According to the Civil List as on 1st July 1927 there are 19 Assistant Commissioners on other duty besides 3 officers on leave, distributed as follows

10 (or like)	Holding Deputy Commissioners' charges. (3 of these appointments may be absorbed shortly, vide supra) (1 due to a privilege leave vacancy) (6 others holding permanent sanctioned charges.)
6	asst Commissioners ~~Officers~~ holding permanent or quasi-permanent charges ~~of different grades~~ outside the Civil Service cadre.
1	Temporary appointment sanctioned for one year (Accounts Assistant to the Conservator of Forests.)
1	Officer under training in the Survey Department (may be absorbed shortly).
1	Officer on Exhibition duty (temporary).
19.	

Out of the 22 vacancies above referred to in which temporary arrangements are made ~~in the Civil Service~~, permanent appointments are or will soon be admissible in ~~about~~ 6 or 5 of them and they may

~~Re Vide previous page.~~

be left out of consideration. There will thus remain 17 "other duty" arrangements, and as about a dozen of them continue indefinitely, the reserve of 8 officers is ~~absolutely~~ insufficient to meet the demands on the Civil Service.

The Comptroller's note shows that seven officers on the Non Civil Service are holding sub-pro-tem or acting appointments for long periods. As explained above, it may be possible to release 4 vacancies in the Civil Service for confirming the Non Civil Service officers, and with this factor taken into consideration, it would, I think, satisfy present ~~xx~~ requirements if the reserve be raised from 8 to 12 officers instead of 5 as proposed by the Chief Secretary.

As regards the Deputy Commissioners cadre three vacancies admit of permanent arrangements being made. One is a temporary leave vacancy which may be left out of consideration for the present. There are 6 temporary appointments made against officers of the Civil Service holding the following posts:-

(1) Chief Secretary
(2) Comptroller
(3) President, Municipal Council Mysore and Chairman, Trust Board, Mysore.
(4) Commissioner, City Municipal Council, Bangalore City.
(5) Deputy Commissioner of Income Tax
(6) Director of Industries & Commerce.

The first is a tenure appointment carrying a

NOTE—Contn. sheet.

salary of Rs 1,400. The second is open to the Civil Service as well as Non Civil Service Officers. Appointments (3) and (4) may be held by officers of the Civil Service or those outside the cadre. The appointment of the Deputy Commissioner of Income Tax carries a fixed salary of Rs 800 and when an officer of the Deputy Commissioner's grade holds that office, he will be entitled to his grade pay plus an allowance of Rs 100.

The emoluments of the officer appointed as Director of Industries & Commerce are based on his grade pay plus an allowance of Rs 100. The order does not specifically say that the office is included in the cadre of Deputy Commissioners. In the circumstances it is not possible to specify which of these 6 appointments may be included in the cadre of Deputy Commissioners. The proposal to have a reserve of 2 officers in the Deputy Commissioners cadre against these 6 appointments without allocation seems reasonable. There may be an increase of one in the Second Grade and another in the Third Grade. The posts of the Chief Secretary and the Director of Industries & Commerce may be expected to be held by officers who have at-least reached or are likely to be promoted to the Second Class

of the Deputy Commissioners. The present and proposed scale of Deputy Commissioners will stand as follows:-

	Present	Proposed.
I Class	3	3
II Class	4	5
III Class	2	3

According to the above proposals the total reserve of Civil Service officers under Assistant Commissioners and Deputy Commissioners will be raised from 8 to 14 which will enable not only the absorption of the excess in the Civil Service scale but also avoidance of the hardship caused to the officers continuing indefinitely sub-pro-tem or acting in the chain of arrangements made to fill up vacancies which are more or less of a permanent character.

To chip Key in the Compliment. 18.8.27

My proposal was to increase the number of Assistant Commissioners by 5 and that of Deputy Commissioners by 2. The object of this proposal was to minimise prolonged acting appointments in these grades. The Financial Secretary agrees that some increase of these two cadres is justified by the inadequacy of the present reserve to provide for the large number of other duty arrangements." He considers however that it will be sufficient to increase

the reserve of Assistant Commissioners by 4 officers (instead of five). This proposal may be sanctioned.

As regards the two additional appointments under Deputy Commissioners, the Financial Secretary considers that they may be allocated to Class II and III. Considering, however, the insufficiency of the pay of the third class (Rs.800/-) for officers who have to maintain expensive establishments, it may be desirable to put one of the additional appointments in the I class and the other in the II class.

The Financial Secretary points out some difficulties that may arise if the Civil Service (revenue) and non-Civil Service cadres are amalgamated. This question may perhaps wait, until we receive proposals for the abolition of the cadre of Special Magistrates, which are awaited from the Chief Court and which will have a close bearing on this question.

If approved, this may be considered at a meeting of the Council.

Submitted to His Highness.

The sanctioned scale of Assistant Commissioners provides for a strength of 54 officers against 46 regular charges to be held by them, leaving a reserve of 8 officers.

Experience has however shown that this reserve is totally inadequate to meet the incessant demands made on the Civil Service. Besides the regular charges referred to above, there are a number of other appointments for which Civil Service Officers are usually posted. According to the Civil List as on 1st July 1927, 19 Assistant Commissioners are on other duty, besides 3 officers on leave.

Similar difficulty is felt in regard to the cadre of Deputy Commissioners in which no provision is made for reserve at present. The scale consists of 9 officers - 8 for the Districts and 1 for the post of Secretary to Government, Development Department. But there are a number of other appointments for which Deputy Commissioners are usually selected e.g.,

1. Chief Secretary to Government.
2. Comptroller,
3. Director of Industries and Commerce.
4. Deputy Commissioner of Incometax.
5. President, Mysore City Municipal Council.
6. Municipal Commissioner, Bangalore City.

As a result of this state of affairs, a large number of acting appointments have to be made in the Assistant Commissioner's and Deputy Commissioner's grades for indefinitely long periods, with the consequential inconvenience.

To remedy this, it is proposed to increase the reserve in the Assistant Commissioners' cadre from 8 to 12 and to provide a reserve of 2 officers in the cadre of Deputy Commissioners. The proposal involves practically no extra cost as there is no chance of the reserve at any time proving to be in excess of actual requirements. The Financial Secretary also considers that the increase of the reserves in the manner suggested is reasonable.

The question was considered in Council on the 1st September 1927 when the following opinion was recorded:-

"The proposal to increase the reserve in the cadre of Assistant Commissioners by 4 officers and that of Deputy

Commissioners by two officers may be approved. The latter may be allocated to Classes I and II, respectively".

The recommendation of the Council may be graciously approved. The posts of Chief Secretary and Comptroller will, for the present, count against the reserve in the Deputy Commissioner's cadre and no consequential arrangements will be made in that cadre in place of officers who are holding these appointments.

2. Besides the regular charges referred to above ~~Asst. C~~ there are a number of other appts. to ~~fo~~ which ~~Civil Servants~~ Asst. Comrs are usually posted so that it is found that the reserve provided is totally inadequate to meet the incessant demands on the ~~Servi~~ Civil Service. According to the Civil List as on 1st July 1927, 19 Asst. Comrs are on other duty besides 3 officers on leave. During ~~1926~~ 1928 on account of existence of supernumeraries in the Civil Service cadre, a number of ~~va~~ permanent vacancies in the non-civil Service cadres of several Departments have been filled up only temporarily ~~for long periods~~.

3. Similar difficulty

is felt in regard to the cadre of Dy: Commrs in which no provision is made for a reserve at present. The Scale consists of 9 officers — 8 for the districts and one for the post of Secretary to Govt. ~~But there are~~ (General or Development Dept.). But there are a number of other appts. for which Dy: Commrs are ~~ordinarily~~ selected.

4. As a result of this ~~state~~ want of correspondence between the strength of officers, a large number of acting appts. have ~~to be~~ had to be made in the Asst. Commrs and Dy. Commrs grades for indefinitely long periods with the consequential inconvenience. With a view to remedy this, Govt. are pleased to direct that the reserve
